

County Board O.K.'s Merit Comm. Rules

The County Board of Supervisors approved two controversial measures Tuesday—the rules and regulations of the Lake County Sheriff's Merit Commission, and rezoning of property for a site for Baxter Laboratories.

The Merit Commission rules were approved unanimously with some changes and a provision making the "Political Action" provision deferred until after June 15.

Zoning of a 140-acre tract in Deerfield to Light Industry for the Baxter Labs site was approved, although the Zoning Board had recommended that it not be approved.

The new zoning is being granted under the provisions of the old zoning code, and Baxter Labs will have to reapply for zoning when the new ordinance goes into effect March 31.

Objections of neighbors to the site of the drug company had led to the Zoning Board turning thumbs down on the request.

The Merit Commission rules were qualified by a provision that deputies who now hold offices as precinct committeemen will be allowed to finish out their term of office, which will end June 15.

Antioch Supervisor Lloyd "Red" Murrie said he felt the establishment of the Merit Commission would be a definite morale-builder for sheriff's personnel. However, he said he did not believe the political activity rule would remove politics from the sheriff's office.

"The ban on political activity applies only to uniformed personnel," he pointed out. "About 45 of the about 72 employees of the sheriff's office are uniformed. The plain clothes men can still engage in political activity."

Murrie said he felt the establishment of the Grievance Committee for deputies would prove a great morale booster. This provision, formerly providing that the Merit Commission would appoint the committee members, was changed to provide that the deputies would elect a 3-member Grievance Committee to hear complaints and relay them to the Merit Commission.

Deleted from the rules, as approved, was the provision that any member of the sheriff's department on leave accepting any campaign donations, if running for political office, would have to report such donations to the Merit Commission.

In addition to approving the Merit Commission rules, a third member of the Merit Commission was named and approved at Tuesday's Board meeting. Rudolph Magnafichi of Round Lake, the new member, replaced John E. Hayes, Jr., who resigned.

Magnafichi's term will be for two years. Other commission members are William H. Hoyerman, president, serving a six year term, and William J. Bicket, Zion, vice president, a four year term. Hoyerman and Magnafichi are Republicans. Bicket is a Democrat.

Magnafichi operates the Illinois Underground Contractors, Inc. He has been active in Republican politics, and was administrative assistant to House Majority Leader W. J. Murphy in 1963. He has also been active in Round Lake business and civic affairs.

Fri. Deadline For Bridge Match Entries

Bridge fans are urged to get their entries in for the third annual Lions Club Tournament before the dead line Friday, March 11. Play in the tournament will start Monday, March 14.

The committee in charge of the tournament are Dr. Fred Bobzien, Howard Shepard and Elmer Eberman. Entry blanks are available at the Antioch News office or from members of the committee.

Last year's winners, Mr. and Mrs. Elmer Eberman, have their entry in for this year's tournament, as have several of last year's teams.

This is an elimination tournament so if you play your cards right—and get good cards to play—you may get in several rounds of play before the final match. Losers of the first matches also get to play extra matches in the consolation elimination.

Residents of Antioch, Lake Villa, Salem and Trevor Townships are eligible to enter the tournament.

Progress of the tournament can be watched on a bracket board that will be posted in the Antioch News window. Players can also watch to see who their next competitors will be, on this board.

The present Christian Science Church is at 955 Victoria, and serves a wide area around Antioch.

Charles P. (Todd) Maples Thorpe, 1023 Victoria, is an employee of the village and a member of the Antioch Fire Department. He has two children, one in first grade and one preschool child.

GUESS WHAT these three gals are pushing? Mrs. Tony Stanich, Mrs. Gus Costoff and Mrs. Robert Wilton (top to bottom) are anticipating the Mental Health Ball with pleasure. And, incidentally, hoping you run right out and buy a dozen tickets to same.

Contest For AGS Board

Four more petitions of nomination for the Antioch Grade School Board have been filed at the school, bringing the number of candidates to six. There will be two positions to be filled at the April 9 election.

Additional candidates are John A. Fries, Mountian Rd. 1, Rinear Road, Antioch; Mildred LaPlant, Harold H. Knutson and Charles P. Maples Thorpe. Petitions have already been filed by Raymond Enzenbacher and Arland Clark.

Fries has five children, three of them now attending Antioch Grade School. His wife is the former Mary Curnes.

Fries is a graduate of the University of Illinois, and is an accountant for Fansteel Metallurgical Corp. He has been with the firm 15 years, and has resided in Antioch nine years. Mrs. Fries is currently president of the Antioch Grade School PTA.

Mildred LaPlant, Antioch, is a teacher at Grass Lake School. She has taught at Grass Lake School for eight years. She is a graduate of the University of Illinois, born and raised in Antioch. She attended Antioch Grade School and High School.

Miss LaPlant feels that she knows matters pertaining to school from every angle. The teachers, she says, need someone to back them up, as do the children.

Harold H. Knutson, Lake View Terrace, is a manufacturer's representative for Vollrath Co., Sheboygan, and Harper K. Rausburg Co. of Indianapolis. Mr. Knutson has one child in Antioch Grade School and two in Antioch High School.

Charles P. (Todd) Maples Thorpe, 1023 Victoria, is an employee of the village and a member of the Antioch Fire Department. He has two children, one in first grade and one preschool child.

3 Candidates For Grass Lake Board

Grass Lake School has three candidates running for the two openings on the school board. Present President Robert Hart, and present secretary Charlotte Queen are in the running, plus Mr. Donald Brown.

Petitions are still available from board secretary, Charlotte Queen, Rte. 1, Box 309, Antioch. The last date of filing petitions is March 19, and the last date for withdrawal of candidacy is March 22. The election will be held on April 9, at the Grass Lake School.

At the last regular board meeting, the board issued \$30,000.00 in anticipation warrants in the education fund. Superintendent Schreckenbach stated that this money is needed to carry out the budget up to June 30, 1966.

The board is still waiting for the arrival of their new school bus, which they ordered on December 10, 1965.

President Robert Hart announced that the board is working on a new insurance program for the school. An institutional policy is being written which the board feels will be a saving to the district.

Start Work On Church

Work has been started on the new church being built by the Christian Scientists of Antioch.

The new church is located at Harden Avenue and Route 173, overlooking Lake Antioch. It will be a brick Colonial building designed by Albert Nemoede, architect of Downers Grove. The church is being built by Woodland Construction of Lindenhurst.

The building will be two-story, with a Sunday School room and Reading Room on the lower story. Tentative completion date has been set for July.

The present Christian Science Church is at 955 Victoria, and serves a wide area around Antioch.

This is Girl Scout Week in Antioch, and Antioch Scout troops have arranged for displays and other events in observance of the founding of Girl Scouting.

Local Girl Scout troops attended the church of their choice with their leaders last Sunday. Arrangements have been made for the Scouts to have a display in the Chamber of Commerce Information booth at the corner of Lake and Main Friday, March 11, from 6 to 8 p.m., and all day Saturday, March 12th.

Everyone is invited to stop in to view the Girl Scout displays. Two Senior Scouts who went to Round Up in Idaho last year will have a display also. Girl Scouts will be present to answer questions.

There will also be window displays at MariAnne's, Lake Villa Pharmacy and Franklin Drugs in Lindenhurst.

Senior Troop 110 will host all other troops and leaders in the Sequoyah Neighborhood Sunday at the Scout House in Antioch from 1 to 4 p.m. This is the Juliette Low tea, held yearly in honor of the founder of Girl Scouting.

Progress of the tournament can be watched on a bracket board that will be posted in the Antioch News window. Players can also watch to see who their next competitors will be, on this board.

The present Christian Science Church is at 955 Victoria, and serves a wide area around Antioch.

Charles P. (Todd) Maples Thorpe, 1023 Victoria, is an employee of the village and a member of the Antioch Fire Department. He has two children, one in first grade and one preschool child.

VOL. LXXX, NUMBER 37

"Operation A&P" - Back In Business In Eight Days

"Coordinated chaos" would best describe the activity at the A & P Store at 401 Lake St. for the past week.

A & P officials have been bending every effort to open as soon as possible at the new location since the disastrous fire last Tuesday which destroyed their store at 400 Orchid in the plaza.

Eight days of incredible activity have made it possible for the A & P to lease, paint, furnish and stock a store in time to open at 9 a.m. Thursday, March 10. Tony Kaiser, supervisor of seventeen stores in this area, has been

in charge of the "Operation A & P." The Thursday opening will set a record for speed in the opening of a store, says Kaiser.

Tuesday afternoon, every corner of the store was full of teeming activity. In the back, carpenters worked on the unloading pen and refrigeration units were being installed. In the store proper, cartons of stock were piled in the aisles. Dozens of men stocked shelves, carpenters worked, a girl put prices under stock on the shelves, the phone rang incessantly, the

store was "shaping up" for the Thursday morning opening. A week ago it was hard to believe that the A&P would be back in business so soon.

Bill Palmer, local A&P manager, was called at 5:45 a.m. Tuesday of last week and informed of the fire. Kaiser was called at 6 a.m., and after seeing the fire was convinced that the plaza store would be a total wreck. He called company officials and gave them the bad news. By 9 a.m., the president and vice president of the store were on the scene. Blueprints of the 401 Lake St. store were

brought out of the A&P files. With these, store furnishings could be planned and electrical lines, etc. located.

Within hours, the A&P had leased the store at the Lake St. address, and arranged for the transfer and storage of Froster-Sno products which were stored in the building.

Twenty-two trailer-loads of Froster-Sno products were moved out of the building Wednesday and stored in other places. Actual work to restore the store started Friday morning.

The store was painted, refrigeration units installed, a loading pen built in the back, electrical work done, refrigerators and shelves and other store furniture commandeered from every available source. Some of the furnishings were new, some supplied by other stores. None of the store were used.

Stock from the burned store has been mostly consigned to the garbage dump. Food officials O.K.'d a small amount to be sold to a salvage company. The liquor in the burned store was also inspected. Bottles on which the stamp or label were defaced had to be dumped down the sewer.

About 14 carpenters, 35 tradesmen, and 50 to 60 A&P employees have been working to put the A&P back in business in Antioch. Work has gone on about 16 hours a day, on a double shift basis.

Tuesday was Tony Kaiser's birthday. From the elevated cage in the corner of the store he shouted answers to questions from workmen, answered the phone which rang almost incessantly, promised to try to find another set of shelves. And looked forward to getting back to routine in Waukegan.

The walls of the burned store are being knocked down as the Lake St. store gets ready to open. Re-building the plaza store will get underway immediately, Kaiser says. "We'll open the new plaza store by the Fourth of July," he predicts.

"Everyone in Antioch has been most cooperative," he said. "The Village Board arranged to transfer our licenses to this address—I guess they'd never had to do that before. We appreciate everything that's been done—by the fire department, the Rescue Squad, everyone."

Winners In Heart Fund Bridge Tourney

The Heart Fund Bridge Tournament, held Feb. 27 at Illinois Beach State Park Lodge, raised \$294.45 for the Lake County Heart Fund. Chairman Walter Nagode reported.

"Prizes for the Open Pair Master Point championship were won by Robert McGaffey of North Chicago and Dr. Howard H. Fricke of Grayslake. Runners-up were Miss Mimi Grossman and Bill Schachen of Waukegan.

Mr. and Mrs. Leo Krause of Waukegan won first prize in the Beginners' Pair game. In the popular Team of Four event, last year's winners repeated: Mrs. Bernie Peterson of Waukegan, Miss Gloria Weber of Wilmette, Jack Loomis of Winnetka and Terry Thompson of Evanston.

Mr. and Mrs. Leo Krause of Waukegan won first prize in the Beginners' Pair game. In the popular Team of Four event, last year's winners repeated: Mrs. Bernie Peterson of Waukegan, Miss Gloria Weber of Wilmette, Jack Loomis of Winnetka and Terry Thompson of Evanston.

It's about time for the First Robin to appear—probably in a snowstorm.

Art Guild Schedules Demonstration

The Antioch Art Guild is sponsoring a painting demonstration by Jane Cramer, art teacher at Antioch High School, next week.

The meeting and demonstration will be Wednesday, March 16, at 8 p.m. in the band room at Antioch Grade School. The public is invited.

(Continued on page three)

Police Break Up Party

Antioch police arrested an 18 year old young man and picked up three juveniles after neighbors complained about a noisy party Monday night.

Robert Holstrom, Rte. 3, Antioch, was charged with disorderly conduct and released on \$25 bond. One 13-year old girl was turned over to juvenile authorities. A 14-year-old girl and a 16-year-old boy were turned over to their parents.

The party was being held at the home of one of the girls.

Robert G. Milligan, 37, Wildwood, arrested previously by Antioch police, was indicted by the Lake County Grand Jury Monday on a charge of contributing to the sexual delinquency of a minor.

Legionnaires Visit Vets

Five members of Antioch American Legion Post 748 visited veterans at Great Lakes Naval Hospital this past Sunday, March 6.

The Legionnaires took refreshments and prizes to be awarded to hospitalized soldiers, sailors and marines. Several of the hospital patients, were recovering from wounds suffered in Viet Nam.

Members of the local Legion Post who made the trip were Bernard Stadick, George Ott, Dave Kuiken, James Ferrier and Don Gaston.

Legionnaires To Hold Dinner

The Antioch American Legion Post No. 748 is holding a dinner for Legionnaires on Thursday evening, March 17, in celebration of its 40th anniversary.

All members and their fam-

ilies are invited to attend.

Dinner will be served at 6:30 p.m., at the American Legion Home in Antioch.

After dinner cards will be

played.

DEATH NOTICES

MRS. JENNIE DUNCAN

Mrs. Jennie Duncan, 80 years old of Zion, Ill., passed away Tuesday, February 22, 1966 at 6:30 p.m. in Zion-Benton Hospital after a lingering illness. She was born Nov. 13, 1875 at Galt, Waterloo Co., Canada, and had resided in Chicago before making her home at the Edna Doyle residence in Wadsworth after the death of her husband James Duncan on Nov. 9, 1958. She had resided in Wadsworth for over 4 years before entering the Golden Days Nursing Home in Zion. Her only known relative is a great-nephew, Harold Ellington of Round Lake, Ill.

Funeral services were held at 8 p.m. Thursday at Strang Funeral Home in Antioch. The Rev. L. H. Messersmith of the Millburn Congregational Church officiated at the service. Interment was private.

THEODORE C. ENGH

Mr. Theodore C. Engh, 50 years old of 130 California Place South, Island Park, Long Island, New York, passed away Sunday, Feb. 27, at 11 p.m. in his home suddenly from a heart attack. He was born March 16, in Chicago, and had resided at Truesdell, Racine, and Milwaukee, before moving to Wadsworth in 1931. He had worked as a station manager in several foreign countries including the Gold Coast of Africa, while being employed by Pan American Air Lines since 1941. He had worked on the ground crew for Pan Am at Idlewild Airport in New York in the maintenance department for the past 10 years. He held membership in the Millburn Congregational Church and the Millburn Masonic Lodge No. 127 A.F. & A.M. He married his wife, Edith, on Feb. 16, 1952 in England. Survivors are the wife,

THE RODOS, incomparable acrobatic stars, present a brand new concept in gymnastic accomplishment. Other performers have riggings, springboards and other devices to propel and assist in their performances. The ground act must supply its own dynamic power. The Rodos company star with nearly a score of internationally famous performers at the 24th Annual Medinah Shrine Circus starting Friday, March 11th at Medinah Temple.

Edith, his parents, Theodore M. and Minnie Engh, Wind lake, Wis., one brother, Clayton A. Engh, Gurnee, a sister, Mrs. Richard G. (Geraldine) Dussault, Venetian Village.

Millburn Masonic Lodge will officiate at the services Friday evening.

Funeral services will be held at 1:30 p.m. on Saturday at the Strang Funeral Home in Antioch. Rev. L. H. Messersmith of the Millburn Congregational Church will officiate. Interment will be in Millburn Cemetery.

More than 200 Southern Illinois University education students are engaged in student teaching in Illinois schools.

AUTO SAFETY

If you drive after drinking, drive a nail. The only thing you will hit will be your finger.

"Bless my hide," bleated the ram as he plunged over the cliff, "I didn't see that ewe turn."

Much speed is still the highroad to much sorrow.

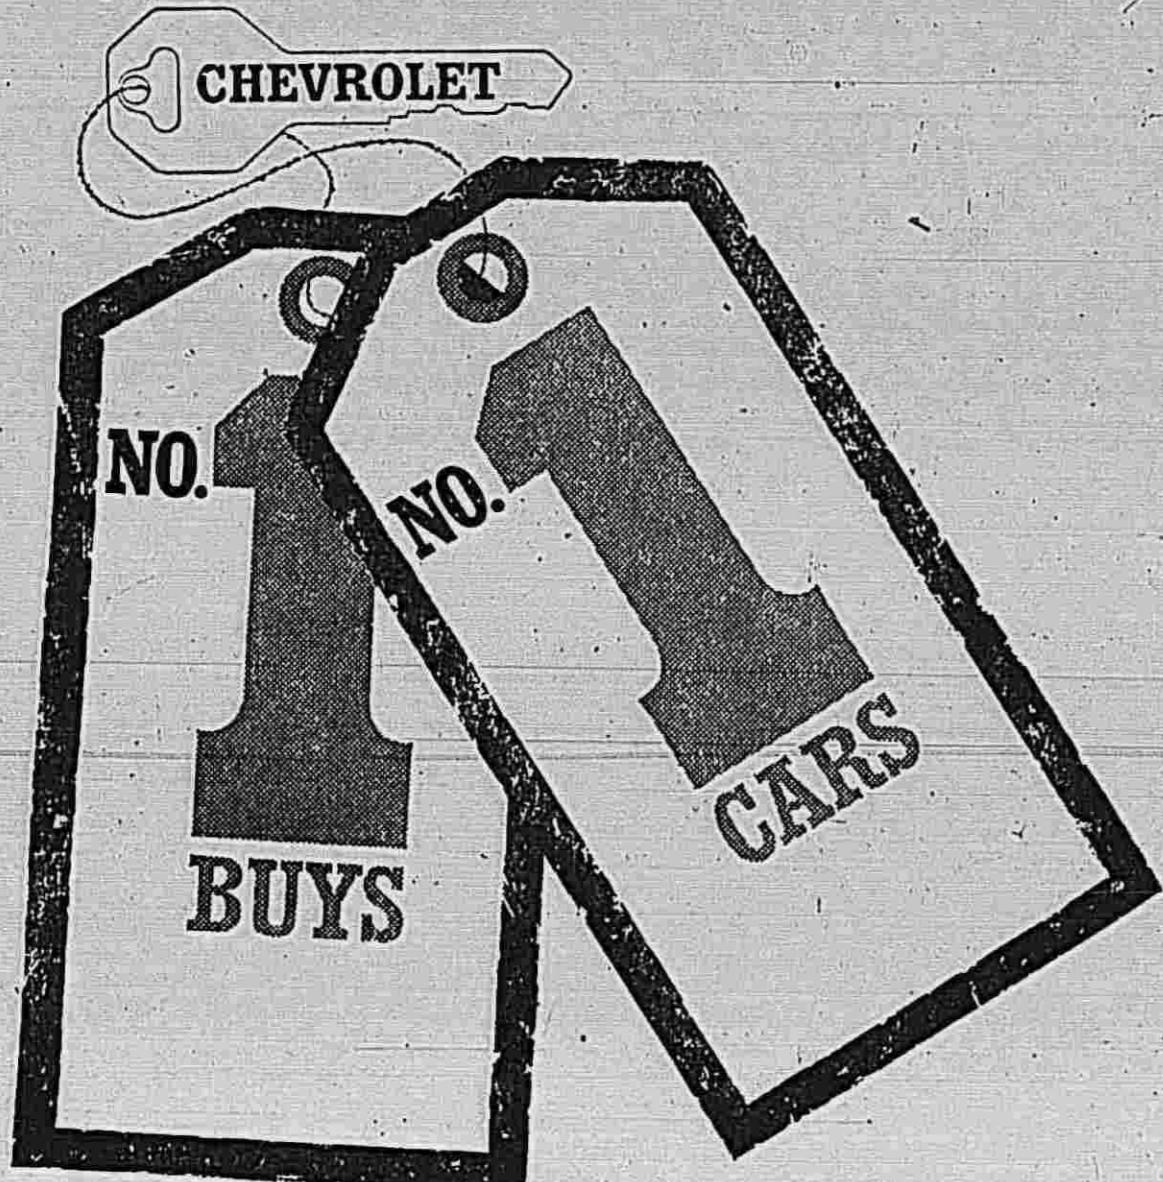

It doesn't pay to speed but you do!

Make every week—Child Safety Week.

Antioch street signs needed—for you and me—

Channel Lake News

By Louise Gutowski

Mr. and Mrs. Richard Harland entertained Mrs. Harland's family Sunday afternoon for a family birthday party. Their guests included Mrs. Marie Morrisfield of Elmhurst, Mr. and Mrs. Elmer Eberman and family of Channel Lake and Mr. and Mrs. Royce Williams and family of Madison, Wis. Among the birthdays celebrated were Nancy Harland's 3rd and Billy Harland's 7th.

Ray Enzenbacher of Channel Lake has filed his petition for one of the vacancies on the Antioch School Board. Mr. Enzenbacher lives at Route 3, Box 153 with his wife Dorothy and three children and served on the Channel Lake School Board from 1963 until the school was closed. Ray is very active in Cub Scouting in our community, as assistant Cubmaster.

On the sick list with the mumps are Larry Meierdirk, who is the son of Mr. and Mrs. Elmer Meierdirk, and Kathy and Janet Barnes, daughters of Mr. and Mrs. Bruce Barnes, all of Channel Lake.

Mr. and Mrs. Elmer Olson of Prospect Ave. are the proud parents of their fourth daughter, Beth Ellen, born last week in Victory Memorial Hospital. Little Beth weighed in at 6 lbs. 7 ozs. and also has a big brother at home to help take care of her.

Machine Helps To Find Heart Trouble

The Chicago Heart Association has launched a large-scale program to test whether an electronic machine can aid doctors in detecting heart troubles in children.

The program, which will take six months and involve 10,000 elementary students in nine Chicago schools, is under the direction of Dr. Robert A. Miller, director of cardiology at Cook County Children's Hospital.

If the device proves effective, it would be used on a massive scale among high school and elementary school students to find heart disease cases that normally go undetected, Dr. Miller said.

The problem with mass screening programs in the past was that they were too costly and too slow, he said. Each patient had to be examined by a doctor.

The new electronic device, which weighs 17 pounds and is about the size of an attache case, is operated by a technician and instantly identifies normal and abnormal sounds. Then, only those children with abnormal heart sounds would be examined by a doctor. The entire procedure takes but a few minutes.

For the current program to test the validity of the machine, however, each child will also be screened by two pediatric cardiologists who will then compare their diagnosis with that of the machine. The 13 cardiologists who have volunteered their time for this project are associated with Cook County Children's Hospital, Children's Memorial Hospital, Presbyterian-St. Luke's Hospital and Sarah Morris Hospital.

GIVE WARDROBE A BREAK

Do not wear the same garment day after day, advises the National Institute of Dry-cleaning. By alternating the garments you wear, you give the fabric a chance to become free of wrinkles and to return to the shape built into the garment.

The most important item of safety equipment is seat belts. They are never out of season. Should an accident occur in any weather, seat belts will help prevent injury and death.

WATCH FOR OUR BIG FIESTA TIME CELEBRATION
Starting March 15th

WASHINGTON. The following letters were recently answered by the Department of State.

A local political reporter has asked us to trace the history of the term "White Paper" in the United States. We have been successful in finding references to the British use, but have not been able to find when the term was first used here.

Since the Department of State has used the term, we hope you can help us.

M. B.

Fresno, Calif.

Dear Mrs. B.:

The term "White Paper" has no official standing in the United States, but from time to time has been used informally to refer to publications, both documentary and narrative, of a significantly revealing nature particularly with respect to negotiations or other political developments which were not immediately a matter of public record.

We have no information as to when the term was first used in this informal way to refer to a publication of the United States Government.

There has been British usage of the term for more than a hundred years. In its original or basic meaning, "White Paper" refers to one of a series of British parliamentary publications bound in white paper covers. A dictionary of the "American Language" defines "White Paper" as "an official government report on some subject of less importance or less complete than that treated in a white book or blue book; so called from the binding, usually of the same white paper as that used for the text."

There are other, less specific dictionary definitions of the term "white paper" and the term has been popularly used both in the United States and abroad in a wide variety of meanings. In the United States the term has been applied casually in common parlance to various un-

official as well as official publications. ***

I am interested in obtaining information about U. S. aid to Central and South America. How much is in grants, how much in loans? I am particularly interested in finding out how much of our aid is designated for specific projects and who oversees these projects.

J. S.

Chestnut Hill, Mass.

Dear Mrs. J. S.:

We're enclosing a new booklet on the Alliance for Progress—the 20-nation cooperative effort to which the United States, as a partner, contributes grants, loans, technical assistance and food-stuffs. The booklet was just published by the U. S. Chamber of Commerce; additional copies are available from

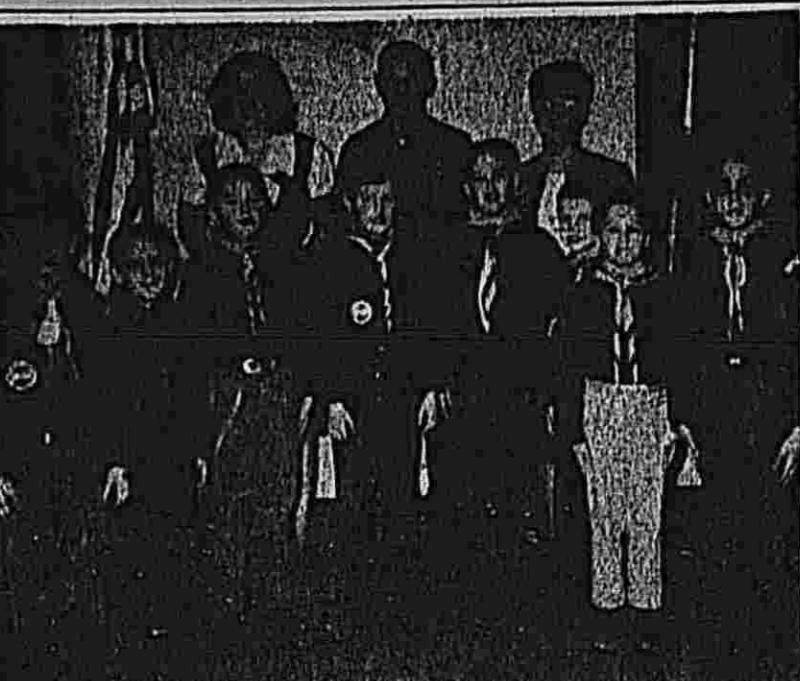

As for loans versus grants, the ratio, is roughly 4 or 5 dollars in loans for every dollar in grants. Our AID Mission in each country carries out periodic inspections of, and receives regular reports on, the various development programs to which we contribute—whether it is establishment of a credit union, or construction of schools, roads, hospitals or irrigation systems.

Do you have an inquiry? Send it to:

Washington, D.C. 20520.

No Sweat For The Drycleaners

Here's a tip for home launderers who have had difficulty removing body oil stains from shirts and blouses. Often oils and greases repel soap and water treatment like a duck's back resists rain water. But these stains are no problem for your drycleaner, advises the National Institute of Dry-cleaning, because drycleaning solvents dissolve oils fats and greases.

Don't Lower Tire Pressure For Long Trip, Says Dealer

Should you deflate your tires slightly before starting out on a long highway trip?

"Never," says Jerry Nernheim, manager of the Goodyear Auto Center at 1520 North Lewis Avenue, Waukegan.

Nernheim said many motorists have asked him about this, in the mistaken belief that tires should be deflated a few pounds because tire air pressure rises with high speed driving.

"But the worst thing a driver can do to his tires is to deflate them below normal."

"Cold" pressure is the cold pressures," he explained. "Air pressure does increase in high-speed driving. That helps the tire run cooler.

"The heat in a tire is generated by the flexing of the tread and side walls. Higher air pressure makes the side-walls stiffer, cuts down on the flexing and heat, and makes the tire safer."

He said that for sustained driving at 60 mph and higher, the normal "cold" pressure should be increased by four pounds a tire. Likewise, when driving with heavier-than-normal loads, the pressure should be increased, up to 32 pounds for a four-ply rating tire.

"Cold" pressure is the reading taken when the tire is cold, preferably in the morning before the car has gone more than a few blocks at low speed, the Goodyear store manager said.

Motorists can get the recommended cold pressure figures for their tires in the handbooks that come with their cars, from their auto dealers, or from tire dealers.

Uses and consumption of nickel reached a record 640 million pounds in the free world in 1964.

County Board O.K.'s Merit Comm. Rules

The County Board of Supervisors approved two controversial measures Tuesday—the rules and regulations of the Lake County Sheriff's Merit Commission, and rezoning of property for a site for Baxter Laboratories.

The Merit Commission rules were approved unanimously with some changes and a provision making the "Political Action" provision deferred until after June 15.

Zoning of a 140-acre tract in Deerfield to Light Industry for the Baxter Labs site was approved, although the Zoning Board had recommended that it not be approved.

The new zoning is being granted under the provisions of the old zoning code, and Baxter Labs will have to apply for zoning when the new ordinance goes into effect March 31.

Objections of neighbors to the site of the drug company had led to the Zoning Board turning thumbs down on the request.

The Merit Commission rules were qualified by a provision that deputies who now hold offices as precinct committeemen will be allowed to finish out their term of office, which will end June 15.

Antioch Supervisor Lloyd "Red" Murrie said he felt the establishment of the Merit Commission would be a definite morale-builder for sheriff's personnel. However, he said he did not believe the political activity rule would remove politics from the sheriff's office.

"The ban on political activity applies only to uniformed personnel," he pointed out. "About 45 of the about 72 employees of the sheriff's office are uniformed. The plain clothes men can still engage in political activity."

Murrie said he felt the establishment of the Grievance Committee for deputies would prove a great morale booster. This provision, formerly providing that the Merit Commission would appoint the committee members, was changed to provide that the deputies would elect a 3-member Grievance Committee to hear complaints and relay them to the Merit Commission.

Deleted from the rules, as approved, was the provision that any member of the sheriff's department on leave accepting any campaign donations, if running for political office, would have to report such donations to the Merit Commission.

In addition to approving the Merit Commission rules, a third member of the Merit Commission was named and approved at Tuesday's Board meeting. Rudolph Magnifici of Round Lake, the new member, replaced John E. Hayes, Jr., who resigned.

Magnifici's term will be for two years. Other commission members are William H. Hoyerman, president, serving a six year term, and William J. Bicket, Zion, vice-president, a four-year term. Hoyerman and Magnifici are Republicans; Bicket is a Democrat.

Magnifici operates the Illinois Underground Contractors, Inc. He has been active in Republican politics, and was administrative assistant to House Majority Leader W. J. Murphy in 1963. He has also been active in Round Lake business and civic affairs.

Contest For AGS Board

3 Candidates For Grass Lake Board

Four more petitions of nomination for the Antioch Grade School Board have been filed at the school, bringing the number of candidates to six. There will be two positions to be filled at the April 9 election.

Additional candidates are John A. Fries, Mount Rd. 1, Rinear Road, Antioch; Mildred LaPlant, Harold H. Knutson and Charles P. Maplethorpe. Petitions have already been filed by Raymond Enzenbacher and Arland Clark.

Fries has five children, three of them now attending Antioch Grade School. His wife is the former Mary Curves.

Fries is a graduate of the University of Illinois, and is an accountant for Fawcett Metallurgical Corp. He has been with the firm 15 years, and has resided in Antioch nine years. Mrs. Fries is currently president of the Antioch Grade School PTA.

Mr. Fries is a member of the Knights of Columbus and the Antioch Lions Club, and is treasurer for the Band Parents Association at Antioch Grade School.

Mildred LaPlant, Antioch, is a teacher at Grass Lake School. She has taught at Grass Lake School for eight years. She is a graduate of the University of Illinois, born and raised in Antioch. She attended Antioch Grade School and High School.

Miss LaPlant feels that she knows matters pertaining to school from every angle. The teachers, she says, need someone to back them up, as do the children.

Harold H. Knutson, Lake View Terrace, is a manufacturer's representative for Volrath Co., Sheboygan, and Harper K. Ransburg Co., of Indianapolis. Mr. Knutson has one child in Antioch Grade School and two in Antioch High School.

Charles P. (Todd) Maplethorpe, 1023 Victoria, is an employee of the village and a member of the Antioch Fire Department. He has two children, one in first grade and one preschool child.

Start Work On Church

Work has been started on the new church being built by the Christian Scientists of Antioch.

The new church is located at Harden Avenue and Route 173, overlooking Lake Antioch. It will be a brick Colonial building, designed by Albert Neimoe, architect of Downers Grove. The church is being built by Woodland Construction of Lindenhurst.

The building will be two-story, with a Sunday School room and Reading Room on the lower story. Tentative completion date has been set for July.

The present Christian Science Church is at 955 Victoria, and serves a wide area around Antioch.

Bridge fans are urged to get their entries in for the third annual Lions Club Tournament before the deadline Friday, March 11. Play in the tournament will start Monday, March 14.

The committee in charge of the tournament are Dr. Fred Bobzien, Howard Shepard and Elmer Eberman. Entry blanks are available at the Antioch News office or from members of the committee. Last year's winners, Mr. and Mrs. Elmer Eberman, have their entry in for this year's tournament, as have several of last year's teams. This is an elimination tournament so if you play your cards right—and get good cards to play—you may get in several rounds of play before the final match. Losers of the first matches also get to play extra matches in the consolation elimination.

Residents of Antioch, Lake Villa, Salem and Trevor Townships are eligible to enter the tournament. Progress of the tournament can be watched on a bracket board that will be posted in the Antioch News window. Players can also watch to see who their next competitors will be, on this board.

"Operation A&P" - Back In Business In Eight Days

Full House At PM&L Theatre

Someone moved into town this last weekend, and his name is on the lips of some 200 young people who came to see him. That name is Flibertygibbet!

This elf-like little character cast a magic spell over cast and audience as his fairytale unfolded. There were eerie winds, flashing lights, magic spells, and the changing of bad people to good people—all because of Flibertygibbet.

Jay Horton and Pamela Hunley played the roles of Flibertygibbet and Nannie with all the enthusiasm and vitality of young veteran actors. The adults in the audience time and time again commented on the amount of dialogue these young people had to master. They, indeed, made the characters live.

Gavin, the greedy owner of the farm, who wanted no part of any magic spells, was deftly played by Josef Hunley who is the master of any role he plays. The scene in which Flibertygibbet is hiding from Gavin (directly behind his back) caused the theatre to rock with screams and laughter.

Grampop, Dan Seyfarth, was a dear, understanding grandfather, who thoroughly understood his Nannie until she lost faith in Flibertygibbet's return and found only hate in her heart for those who caused his banishment.

The most amazing change occurred in the two villains, Bess and Adam, played by Sandy Drucker and Bob Oddsen. Their greed in wanting to surpass Gavin's wealth caused the banishment of Flibertygibbet. Did they ever find him?

Phyllis Bucar and Joyce Maj completed the cast as the quarreling sisters who ended up with love in their hearts as did the entire cast and audience after being caught up in the magic spell.

It's not too late to meet Flibertygibbet. He'll be at the P.M.&L. Theatre on March 12 and 13 at 2:00 p.m. Flibertygibbet (his last chance) is children's play directed by Valerie Hunley and presented by Pallette, Masque and Lyre. Call Vivian Maplethorpe at 395-3613 for reservations or buy your tickets at the box office.

Bridge fans are urged to get their entries in for the third annual Lions Club Tournament before the deadline Friday, March 11. Play in the tournament will start Monday, March 14.

The committee in charge of the tournament are Dr. Fred Bobzien, Howard Shepard and Elmer Eberman. Entry blanks are available at the Antioch News office or from members of the committee.

Last year's winners, Mr. and Mrs. Elmer Eberman, have their entry in for this year's tournament, as have several of last year's teams.

This is an elimination tournament so if you play your cards right—and get good cards to play—you may get in several rounds of play before the final match. Losers of the first matches also get to play extra matches in the consolation elimination.

"Coordinated chaos" would best describe the activity at the A & P Store at 401 Lake St. for the past week.

A & P officials have been bending every effort to open as soon as possible at the new location since the disastrous fire last Tuesday which destroyed their store at 460 Orchard in the plaza.

Eight days of incredible activity have made it possible for the A & P to lease, paint, furnish and stock a store in time to open at 9 a.m. Thursday, March 10. Tony Kaiser, supervisor of seventeen stores in this area, has been

in charge of the "Operation A & P." The Thursday opening will set a record for speed in the opening of a store, says Kaiser.

Tuesday afternoon, every corner of the store was full of teeming activity. In the back, carpenters worked on the unloading pen and refrigeration units were being installed. In the store proper, cartons of stock were piled in the aisles. Dozens of men stocked shelves, carpenters worked, a girl put prices under stock on the shelves, another dusted fixtures, the phone rang incessantly. The

store was "shaping up" for the Thursday morning opening. A week ago it was hard to believe that the A&P would be back in business so soon.

Bill Parmer, local A&P manager, was called at 5:45 a.m. Tuesday of last week and informed of the fire. Kaiser was called at 6 a.m. and after seeing the fire was convinced that the plaza store was a total wreck. He called company officials and gave them the bad news. By 9 a.m., the president and vice-president of the store were on the scene. Blueprints of the 401 Lake St. store were

brought out of the A&P files.

Within hours, the A&P had leased the store at the Lake St. address, and arranged for the transfer and storage of Frostee Sno products which were stored in the building.

Twenty-two trailer-loads of Frostee Sno products were moved out of the building Wednesday and stored in other places. Actual work to restore the store started Friday morning.

The store was painted, refrigeration units installed, a loading pen built in the back, electrical work done, refrigerators and shelves and other store furniture commandeered from every available source. Some of the furnishings were new, some supplied by other stores. None of the furnishings of the burned store were used.

Stock from the burned store has been mostly consigned to the garbage dump.

Food officials O.K.'d a small amount to be sold to a salvage company. The liquor in the burned store was also inspected. Bottles on which the stamp or label were defaced had to be dumped down the sewer.

About 14 carpenters, 35 tradesmen, and 50 to 60 A&P employees have been working to put the A&P back in business in Antioch. Work has gone on about 16 hours a day, on a double shift basis.

Tuesday was Tony Kaiser's birthday. From the elevated cage in the corner of the store he shouted answers to questions from workmen, answered the phone which rang almost incessantly, promised to try to find another set of shelves. And looked forward to getting back to routine in Waukegan.

The party was being held at the home of one of the girls.

Robert G. Milligan, 37, Wildwood, arrested previously by Antioch police, was indicted by the Lake County Grand Jury Monday on a charge of contributing to the sexual delinquency of a minor.

(Continued on page three)

Legionnaires Visit Vets

Five members of Antioch American Legion Post 748 visited veterans at Great Lakes Naval Hospital this past Sunday, March 6.

The Legionnaires took refreshments and prizes to be awarded to hospitalized soldiers, sailors and marines.

Several of the hospital patients, were recovering from wounds suffered in Viet Nam.

Members of the local Legion Post who made the trip were Bernard Stadick, George Ott, Dave Kuiken, James Ferrier and Don Gaston.

The walls of the burned store are being knocked down as the Lake St. store gets ready to open. Re-building the plaza store will get underway immediately, Kaiser says. "We'll open the new plaza store by the Fourth of July," he predicts.

"Everyone in Antioch has been most cooperative," he said. "The Village Board arranged to transfer our licensees to this address—I guess they'd never had to do that before. We appreciate everything that's been done, by the fire department, the Rescue Squad, everyone."

Legionnaires To Hold Dinner

The Antioch American Legion Post No. 748, is holding a dinner for Legionnaires on Thursday evening, March 17, in celebration of its 40th anniversary.

All members and their fam-

ilies are invited to attend.

Dinner will be served at 6:30 p.m. at the American Legion Home in Antioch.

Your Congressman
Reports....

By Cong. Robert McClory

One of the most important responsibilities of Members of Congress is the nomination and appointment of qualified young men to our U. S. service academies. Only three principal appointments are available to Members each year: one to the U. S. Military Academy at West Point, New York; one to the U. S. Naval Academy at Annapolis, Maryland; and one to the U. S. Air Force Academy at Colorado Springs, Colorado.

Applications for nominations to these service academies should be made during the last half of the applicant's junior year of high school or preparatory school. Scholarships, personal recommendations, physical fitness reports and results of a basic Civil Service aptitude test are the main sources upon which this Member nominates candidates to each of the academies.

Six young men may be named annually for each of the academies with the nominees competing against each other for the single available appointment. Additional appointments are made on a national basis from among those applicants who qualify but for whom no Congressional appointment is available. A number of young men from

ships, the hard-hitting west Lake County politico should have little trouble securing the nomination.

Even though Conolly and Murphy are regarded as well-nigh unbeatable there are rumbles of additional candidates for the two nominations to be decided with Nick Keller, Jr., son of a long-time Lake County legislator, given the best chance of pulling off an upset.

Another possible candidate is W. Bruce Dunbar, mayor of Zion and longtime business leader in the community. Dunbar enters the race with a bit of a handicap because of his Zion residence since this has traditionally been an obstacle to Zion hopefuls, but the situation is changing in the community and he may surprise the experts if he decides to make the race.

And Leo Durocher may make a pennant winner out of the Chicago Cubs, but the bookmakers aren't giving him much chance.

Wouldn't it be a fascinating turnabout if the big action in the June primary turned out to be in the Democratic rather than the Republican primary?

In the past the Democrats have had difficulty getting enough candidates to fill the ticket in the primary and general election much less finding candidates to vie for the dubious distinction of representing the party on the local level in November.

This year, however, it is beginning to appear as though there may be Democratic contests in the primary in more than one race.

Could the Democrats know something the GOP leaders don't know?

Or could the growing interest among Democratic leaders be based on a feeling that the endorsing of candidates in the Lake County Republican primary is a first step towards a break-through in the historic domination of the courthouse by the GOP.

GOP County Chairman Robert J. Milton has announced the site of the nominating convention and has pointed out that admittance will be by "credentials" only.

Wonder what will happen if some Republican voter shows up at the West Campus auditorium with nothing but a voter's registration card and a paid up membership in one of the several Republican clubs in Lake County as his credentials?

The sergeant-at-arms may find it difficult to tell this peasant that the selection of candidates for a county executive office is none of his business.

With the elimination of such anti-Murphy areas as

EDITORIAL

Underpaid & Understaffed

J. Edgar Hoover, in a recent FBI Law Enforcement Bulletin, decried "moonlighting" by members of the police force.

Hoover pointed out that "To fully discharge his responsibilities and do a creditable job, an officer should devote all his energy to his enforcement duties. Unfortunately, many cannot do this. They are required to "moonlight" in order to give their families a decent standard of living."

Hoover goes on to say, "My criticism of moonlighting is not against the officers who must hold a second job. Rather, it is against the prevailing systems which unwittingly make this questionable practice necessary. Local governments and communities willing to accept the practice as a substitute for adequate police pay are applying short-range judgment to a long-range problem."

Moonlighting is not the only evil that arises from the general practice of underpaying police personnel. Another unfortunate result is the difficulty in getting good men who want to make a career of police work.

Police personnel are suffering from the same low wages and lack of benefits that afflict most personnel paid out of tax money. Teachers, who used to suffer most from this complaint, are finally getting action as the shortage of teachers pushed school boards into raising their salary schedules. Perhaps, now, the same conditions in police personnel will force governing bodies to take a long look at their policies concerning policemen.

Antioch is feeling the effects of the difficulty in replacing policemen. They need patrolmen, and response is poor. There are probably plenty of men who would like to take the job, but they can't afford to. They have to think of the welfare of their families.

Like most small towns, Antioch police have no pension system, hospitalization is expensive, and pay has been less than young men could make in nearby industries. It's not surprising that there are few applicants.

The village board is trying to do something about the situation. At the last board meeting, they approved a raise in the pay scale for police. Now they are trying to work out a system of benefits for village police that will make it possible for them to attract and hold capable officers, without costing the taxpayer too much.

An untrained, understaffed police force is poor economy. Crime and vandalism are no longer confined to big cities, and only a few incidents cost more than a pay raise for officers.

Courthouse Notebook

BY LOU DURKIN

The success Karl Berning, of Deerfield, enjoyed in moving from Chairman of the County Board of Supervisors to County Treasurer undoubtedly had some influence on the decision of the present Board Boss Kenneth Henke, of Benton Township, to enter the race for the Republican nomination for County Clerk.

Henke, like Berning, is completing a second term as chairman, and like Berning is a comparative newcomer to the county board although with the changeover of the past six years, a two term supervisor is virtually an elder statesman.

Berning, who is hoping to move onward to the State Senate in the new south Lake County senate district, had one advantage which Henke is lacking, however.

The West Deerfield township resident was able to eliminate possible opposition before the primary campaign was well underway whereas Henke is faced with two strong candidates in Truman Gerretsen and Robert H. (Mickey) Babcox, neither of whom has shown any disposition to withdraw from the race.

The three man race almost eliminates any possibility of Shields and Deerfield town-

ALONG THE WAY with Annie Mae

The Hot Line

It sure didn't take some of our firemen very long to get to bed after last Tuesday's A&P fire. Dick Burnette and Lew Walsh arrived home around 5 p.m., still in their pajamas. Not to say anything of Jim Krieger who left suddenly to get a pair of pants with a seat in them. Just Call Him Flash!

Competition in the 40-yard dash is next on Rog Plechaty's list after the little episode he encountered at Ace last Sunday. That was quick thinking on everyone's part.

More Vacations

One of the residents of Gary's Drive is planning a lawn party for March 14 at 10 a.m. (brass band and all).

Your honor the courts here we come!

More Driver Training

I'm glad to hear that some of the teachers are finally doing something about the reckless driving in the high school parking lot. It took a pretty close call to bring it about, tho!

Letters . . . We Get Letters!

I enjoy getting your letters and any complaints or contributions to the column are much appreciated. Just address them to the Antioch News and they will forward them to me.

Our Coin Shortage

Coin collectors aren't the only cause of our coin shortage. It's those corners and crevices in your own couches and chairs. Just turn yours over and you're bound to come up with at least a quarter.

While upholstering a couch recently, Harold Wilson came across an old coin, but he's not sure as to the

type it is yet.

Our 12th Congressional District have been selected from among these "qualified alternates." This attests to the superior quality of preparatory education in our area.

While attending the service academies, students are provided with board and lodging as well as a uniform and book allowance from which a small amount of cash may be salvaged. In addition, of course, these academies are tuition free. It is estimated that the value of the four-year course at any of these academies is about \$40,000. At the time of graduation, West Point and Air Force academy graduates are commissioned as Second Lieutenants and Annapolis graduates become Ensigns.

In addition to the three principal U. S. service academies, two other important service schools are sponsored by the United States: the U. S. Coast Guard Academy at New London, Connecticut, and the U. S. Merchant Marine Academy at Kings Point, New York. Each Member of Congress may nominate ten young men to the Merchant Marine Academy with the nominees competing on a state-wide basis for 15 Illinois appointments. Coast Guard Academy applications, which must be filed directly, are considered on a national basis. Both of these academies offer excellent educational training. Recently there has been a marked increase in interest resulting in the acceptance of several 12th District young men at these schools.

When contemplating an education at one of these U. S. sponsored schools, applicants should recognize the active service obligation which follows graduation. In the cases of Army, Navy and Air Force graduates, the military requirements is five years of active service.

Many of the military leaders in the three branches of our service, including those in command of our troops in the Vietnam war, were educated at these academies. Accordingly, the responsibility of making appointments to must be taken most seriously. In order to secure the best qualified young men, every effort is made on the part of the writer to publicize the opportunities and advantages which a service-academy education and ensuing military career offered. The cooperation of school administrators and guidance counselors, as well as public and religious leaders, is important in directing young men toward such careers of service and distinction.

In case you're one of those people who neglects to vote because you feel your one vote isn't going to count anyway, consider the following statistics: in 1960, the Presidency was decided by 112,003 votes. One additional vote per precinct for the loser could have changed the results.

In 1962, the Governor of Minnesota lost his bid for reelection by 91 votes. This comes to about one vote per county.

In 1962, seven governorships were decided by five votes a precinct or less, while the three seats in the U. S. Senate were won by two votes or less per precinct.

A good deal of griping is done by American citizens about the amount of our money that goes to foreign nations, and a good deal of this griping is about the amount the U. S. contributes to the United Nations.

The U. S. does pay more than any other country into the UN. However, in rela-

The Old Scouter Says

A boy's imagination knows few limits. It soars with a wild freedom, but like all things it needs room to roam. What better place than in the great outdoors while at a weekend camp or summer camp. I wonder how many great future careers were started while a boy was lying under a tree watching the clouds roll by? What better place for a boy's mind to develop than while following a stream to see where it starts or following some tracks to see what kind of an animal left them or where it lives?

Who else can be a fireman, swordfighter, cowboy, an astronaut, a star baseball play-

er, all within a few minutes? Sometimes, though, a boy's imagination runs head on into a hard wall of common sense. Such a collision was witnessed recently.

A First Class Scout approached a Tenderfoot. "What would you do," asked the First Class Scout, "if a spaceship landed and a man from Mars stepped out and gave you a million dollars?"

The Tenderfoot scratched his head a moment and started up into the wild blue yonder. "I think," he said, "I'd say thanks."

Due to re-register by March 15—Pack and Troop 86 of Channel Lake. We hear that both units will have new leaders. Good luck, Ray and Frank.

COMING EVENTS: Northwest District First Aid meet Saturday, March 12 at Mundelein High School. Leadership training at St. Andrew Church in Mundelein on March 19 for Cub Scouting and Boy Scouting. March 26 for Exploring and second session for Boy Scouting. Four local Scouters will be on the Leadership Training Staff.

'A TIP OF THE HAT' to all the people who worked on the finance drive last week and especially to those people in the community who became sustaining members. Final reports are not in yet but we know that Scouting got a big boost in the Antioch area.

RECOLLECTIONS: March 1949, Robert Lubkeman passed 1st Class.

See Ya next week,
THE OLD SCOUTER

Raise Money For Hospital

The Women's Auxiliary of Countryside Hospital has finalized plans for a rummage and bake sale at the Lake Villa Central School Friday, March 11, from 9 a.m. to 9 p.m., and Saturday, March 12, from 9 a.m. to 3 p.m.

The money-raising sale is an annual event.

Unusual, useful and novelty items will be offered, including men's, women's and children's clothing, toys, books, records, furniture, appliances, jewelry, dishes and miscellaneous items.

New and better merchandise will be found in the "French room," which will be located on the stage of the gym. Refreshments will be available during the two day sale. A baby-sitting service by Cadet Girl Scout Troop 173 of Lindenhurst will enable mothers of small children to shop more freely.

Rummage may be left at the Lake Villa Central School after 3 p.m. Thursday, March 10. A pick-up service can be arranged by calling 356-5629 or 356-5196 if you have large items.

Mrs. Edward Mann is co-chairman of the sale. She suggests that anyone interested in helping the fund-raising event bring along a bakery item to be sold.

Navy Needs Nurses, Says Recruiter

The United States Navy Recruiting Service announces the need for Navy Nurses, according to Chief Petty Officer Robert J. Margon, U. S. Navy Recruiting Station, 106, S. Genesee Street, Waukegan.

The Viet Nam crisis, a high number of retirements and of marriages have caused a critical shortage of nurses in the United States Navy Nurses Corps.

In November some 13,600 men enlisted in the Navy, the highest number since World War II. Quoting the Navy Nurse Programs Officer from Chicago,

"This high enlistment, caused by the Viet Nam crisis, means we need more nurses to serve more men. Certainly they deserve the best nursing care that can be given. At present, nurses on active duty are having difficulty providing the adequate care needed by some 725,000 Navy men and their dependents. In addition, the Navy Nurse Corps also provides care for Marine Corps personnel and their families."

Registered nurses, male or female, are commissioned from Ensign to Lieutenant, depending on education and experience, when they enter the Navy Nurse Corps. They receive excellent pay, 30 day paid vacation a year and all other military benefits.

CHRISTIAN SCIENCE CHURCHES

The true nature of "Substance" as defined by Biblical prophets and later by Christ Jesus will be the lesson-Sermon subject in all Christian Science services this Sunday.

The story of Peter's healing of the lame man at the gate of the temple called Beautiful (Acts 3) will be presented to illustrate the theme that real substance is spiritual.

Related passages from the denominational text book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science, will include these lines: "When we come to have more faith in the truth of being than we have in error, more faith in spirit than in matter, more faith in living than in dying, more faith in God than in man, then no material suppositions can prevent us from healing the sick and destroying error."

Police Break...

(continued from page 1)

He had been arrested on the charge of an Antioch school girl.

Police Chief Jack Heick said the Antioch police are picking up motorists who do not have village vehicle stickers. The stickers were due January 1. Heick warned that it will cost motorists \$23 instead of the \$8 fee if they don't purchase vehicle stickers.

Chief Heick also warned that a drive will soon start to pick up untagged dogs. Owners must purchase dog tags and see that the animals have rabies shots.

Dr. SIMS says... SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

SOME INTERESTING FACTS ABOUT HEADACHES

DID YOU KNOW...

The older you get, the fewer headaches you are likely to have.

Single people have considerably more headaches than married people.

Mental patients rarely have headaches.

The severity of a headache is not a reflection of its seriousness.

At least 85 per cent of those suffering from recurrent headaches can be helped.

These are only some of the many interesting facts learned about man's most prevalent ailment through intensive research in the past 10 years. Research also reveals there are many kinds of headaches stemming from a variety of causes. Most of them, however, can be classified under three headings: occasional, chronic tension and migraine.

The short-lived occasional headache—with which most of us are familiar—is usually the result of excessive food or drink, eyestrain, excitement, fatigue, poor ventilation, a blow on the head, susceptibility to certain foods or exposure to certain chemicals.

Best home remedy? Aspirin. Some people find that two aspirins with a cup of coffee is even more effective. Why coffee? Because caffeine has a tendency to keep the blood vessels in the head from swelling and pressing on the nerves. (That's us-

Protect Roads In Park Areas

Constant freezing and thawing have caused many arterial roads in state parks and conservation areas to be temporarily closed to public use in some parts of the state.

When spring fever and the urge to be out of doors strike, you are advised to contact the park ranger where you wish to visit and check on conditions in that area. This will save miles of needless driving if the area is closed during the next few weeks. Most areas have parking grounds for campers and visitors.

BIG BROTHER AT WORK

"The federal government's munificence towards all the people in supplying all their electrical needs, present and projected, is the poetized subject of a colored film produced and paid for by the federal government."

So reports the magazine Electrical World. The film in question is entitled "Power for the Nation" and runs for 28 minutes. It is a professional job, which makes the most of the attractions of film media. And it is clearly designed to make the viewer believe that the federal government is and should be a Great White Father in bringing the blessings of electric power to the consumers of this nation.

It is true that the investor-owned utilities are mentioned. But it is a passing mention. The viewer of the film who had no other sources of information would never know that these utilities serve some 79 per cent of electric users, that they have been primarily responsible for technological advances that have assured us the most dependable and abundant power supply in the world at an extremely modest cost, and that they are a major taxpayer to every unit of government from the hamlet to the federal treasury.

The stress of the film is on the federal dams and nothing is spared to maximize their virtues—not only in power production, but in navigation, recreation, irrigation and so on. Even Passamaquoddy comes into the picture—though Congress has not authorized it, and experts regard it as being as dubious a venture now as when it was first proposed.

Thus is the taxpayer's money being splurged on an expensive film to promote old world socialism instead of building confidence and pride in the achievements of United States free enterprise. Thus does Big Brother work.

You're moving down memory lane if you can remember back when couples got out on the dance floor and danced together.

Raise Interest On U.S. Savings Bonds

United States Savings Bonds are now a more attractive investment than ever before because of the recent action announced by President Johnson increasing the interest rate to 4.15%. This applies to both E and H bonds which formerly paid 3.75%.

All Savings Bonds purchased since Dec. 1, 1965 will enjoy the new rate and all outstanding Series E and H Bonds sold prior to that date will earn 4.10 or 1% more.

Under the new provisions Series E Bonds will mature in seven years. Series H Bonds will still carry a ten year maturity, but will draw an average higher interest check semi-annually.

Sales of E and H bonds in Lake County for the month of January totaled \$278,302.

Teach Children Bike Safely, Warns Comm.

As the robins come north, children come out into the streets, on bicycles, roller skates and on foot.

The Lake County Safety Commission asks motorists to be especially cautious this

Most police departments in Lake County encourage children to ride their bikes on sidewalks, instead of in the street. Parents are asked to NOT let your children ride

their bikes at night on the streets; keep them on sidewalks where possible. Warn them to watch out for cars and pray that they don't get hurt.

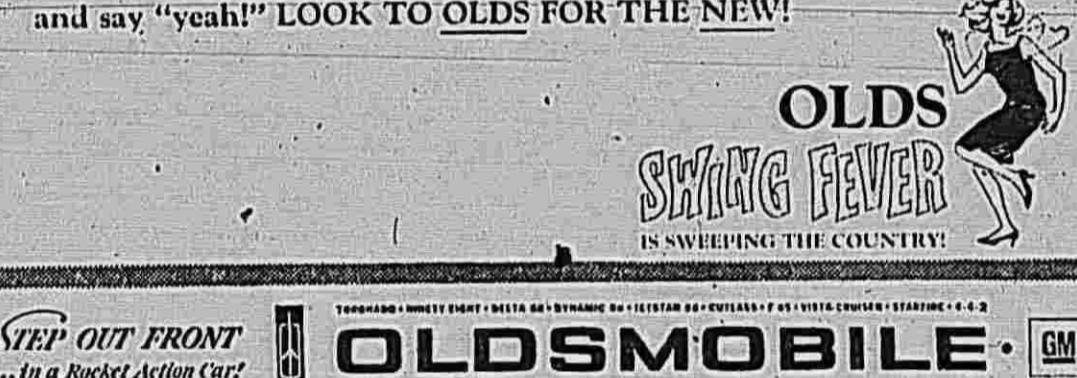

With more bikes and more registered motor vehicles on our highways the law of averages seems to indicate more accidents. The only preventive is more caution on everyone's part.

Deborah Latus

Plan June Wedding

Mr. and Mrs. Albert Wickland, Lake Villa, announce the engagement of their daughter, Deborah, to Andrew Novak, the son of Jake Novak, Waukegan, and the late Sime Novak.

A June 4th wedding is being planned.

Club Women To Visit Garden Show

"Junkshopping with Sari" was the program presented to the March 7th meeting of the Antioch Woman's Club.

Sari Kayser, who enjoys nothing more than running through attics, barns, auctions and dusty antique shops, displayed many of her junkshop treasures. She gave tips on how to accessorize the home with antiques.

The March 21st meeting of the Woman's Club will be a trip to the World Flower and Garden Show at McCormick Place, Chicago. A bus will leave for the show at 9:15 a.m. from the Antioch Savings & Loan parking lot. Lunch will be served aboard the bus. For reservations, call Mrs. Joseph Patrovsky, 395-3953 or Mrs. O. W. Turner, 395-1254, before March 14.

The hostess committee for the afternoon was Madesmae John Wiecek, Homer LaPlant, A. H. Kauffmann, Henry Ruck, S. W. Bailey, Luliver Laseo, Myrus Nelson, Florence Baer and Loren Sexauer.

Y-Mothers of Twins To Install Officers

The Y-Mothers of Twins Club will hold an installation dinner at 8 p.m. Thursday, March 17, at Brooks Sheridan Road, Zion. The installation ceremonies will follow dinner.

New officers to be installed are Mrs. James Wightman, president; Mrs. Ronald Jackson, president-elect; Secretary, Mrs. Gene Herman, and treasurer, Mrs. Steven Keresztes-Nagy.

All mothers of twins in Lake county are invited to the dinner and meeting.

Rainbow Girls To Hold Meeting On March 14th

Antioch Assembly No. 23, Order of the Rainbow for Girls will hold its regular meeting Monday, March 14, at 7:00 p.m. at the Masonic Hall.

Wendy Lindblad, Worthy Advisor, will preside at the meeting. Mrs. Margaret Pincombe, Mother Advisor, will be present.

Plans have been made to meet at the home of Mrs. Pincombe Friday, March 11 at 9 a.m. to make tray favors for St. Patrick's Day and also for Easter. The favors will be sent to various hospitals in the area to brighten up patients' trays.

Altar and Rosary See Hat Show

More than fifty women of the Altar & Rosary Society of St. Peter's Church attended Monday's meeting of the Society. Harriet Deltohn, a millinery instructor, demonstrated some of the arts of hat-making.

Mrs. Shirley Gutowski was chairman of the refreshment committee. Hostesses for the evening were Mrs. Diane Starkey, Marie Nemec, Erma Raeder and Jean Benes.

Birthday ladies were Mrs. Katherine Wells, Fran Walpole, Jeanne Reed, Francis Ryckowski, Nellie Brogan, Grace Klean and Dolores Mollgard.

Topics for Today's Women

THURSDAY, MARCH 10, 1966

THE ANTIOCH NEWS 4

Feast & Fashion, Luncheon & Style Show

By Del Jahnke

Mrs. Kenneth Smouse, general chairman of Feast and Fashion Luncheon and Style Show, to be held in the Wesley Hall, Methodist Church, Mar. 23 at 12 noon, has announced that the following women will model Spring Fashions by Gody's Girls of Wilmette, Wis.

The models will be Mesdames Jamie McDowell, Ronald White, Richard Olsen, Joseph Rush, John Gudgel and Henry Schmidt.

The organ will be supplied by McElroy of Waukegan. Organist will be Lee of Lee's Organ Studio, Antioch. Feast and Fashion is sponsored by the Wesley Evening Circle and the Dorcas Morning Circle, members of the Methodist Church.

Tickets are available from circle members.

For additional information call Mrs. Smouse, 395-1333.

To Wed In August

Mr. and Mrs. Ralph E. Jacobsen have announced the engagement of their daughter, Randi, to Stephen L. Owens, son of Mr. and Mrs. James A. Owens of Monon, Indiana.

Miss Jacobsen is a graduate of Antioch High School. She is now doing secretarial work at Hammond Organ in Chicago.

Mr. Owens is a graduate of DeVry Technical Institute.

An August 29th wedding at St. James Church is being planned. The reception will be held at the Fontana D'Or.

PLAN SPAGHETTI DINNER AT ST. PETER'S

A spaghetti dinner, sponsored by the Holy Name Society of St. Peter's Church, is being planned for Thursday, March 17. Men of the Holy Name Society will serve the dinner in the school cafeteria from 5:30 to 7:30 p.m.

The dinner has been so successful in the past that the committee is planning their cooking on a larger scale this year.

Plans have been made to meet at the home of Mrs. Pincombe Friday, March 11 at 9 a.m. to make tray favors for St. Patrick's Day and also for Easter. The favors will be sent to various hospitals in the area to brighten up patients' trays.

More than fifty women of the Altar & Rosary Society of St. Peter's Church attended Monday's meeting of the Society. Harriet Deltohn, a millinery instructor, demonstrated some of the arts of hat-making.

Mrs. Shirley Gutowski was chairman of the refreshment committee. Hostesses for the evening were Mrs. Diane Starkey, Marie Nemec, Erma Raeder and Jean Benes.

Birthday ladies were Mrs. Katherine Wells, Fran Walpole, Jeanne Reed, Francis Ryckowski, Nellie Brogan, Grace Klean and Dolores Mollgard.

Students at Antioch High School have some of the projects they made in the Art Course on display in corridor display cases at the school. These are some of the ceramics produced by the students.

Where The Boys Are

Force communications elec-

tronics specialist.

AN IRONING

Lindenhurst News

By Mrs. Bernice Bernau
Elliot 6-5649

Prince of Peace Church

Sunday, March 13, all the men of Prince of Peace parish are invited to join the Holy Name Society at the 8 o'clock Mass to receive Holy Communion with their sons.

Communion intention is for His Holiness Pope Paul VI.

Breakfast will be served in the Lake Villa VFW Post immediately after mass. The films of the 1965 World Series will be shown after the breakfast.

Special invitation to the Boy Scouts and Cub Scouts to wear their uniforms to mass and to the breakfast.

The Holy Name Society is sponsoring a St. Pat's dinner and dance Saturday, March 19 at the Lindenhurst Civic Center. Reservations must be made in advance. Jerome Kneifel, chairman, is accepting reservations, 345-5900. Music by the Rhythm Kings will start at 9:00 p.m.

The Holy Name Society will sponsor a discussion type leadership course in the parish. Anyone interested in more details should contact Frank Plotke, president.

The C.Y.O. challenges the old men of the Holy Name Society to a basketball game Sunday, March 13, at the Lake Villa Central School gymnasium.

All of the H.N.S. officers attended the officers training school recently at the Pick-Congress Hotel in Chicago, St. Mark Lutheran Church.

All high school young people are expected to attend the 5:00 p.m. Luther League supper meeting at St. Mark Lutheran Church, Sunday, March 13.

Ladies of the congregation are asked to be at the church at 9 o'clock Friday morning, March 11, to clean the church.

Lenten Worship is held on Wednesday evenings at 7:30.

Flowers for the church were given by Mr. and Mrs. Irvin Sorenson on their 40th wedding anniversary and Mr. and Mrs. Ellsworth Schaufel on their 20th anniversary.

Membership Sunday has been set for Sunday, March 13. Those of the Lutheran faith are invited to transfer to St. Mark. A time for "coffee" and getting acquainted better, will be between the 8:30 and 10:30 Worship Services.

Women's Club "Get-Acquainted" Night

The women of Lindenhurst are cordially invited to attend the Lindenhurst Women's Club "Get-acquainted" Night Thursday, March 10, (tonight), at 8 p.m. at the Civic Center. Members and guests are asked to bring material to design a hat. Prizes will be awarded for the best in different categories.

Fifteen members have signed up to visit Great Lakes Naval Hospital Friday night to entertain the hospitalized servicemen.

Father and Son Night

Fourteen boys attended the Lindenhurst Men's Club Father and Son Night meeting last Thursday night. Jerry Nordness and Jim Sweeney, co-chairmen, presented two films, one about the Indianapolis 500 race and the other about the original circus at Baraboo, Wis.

Twins

With the birth of Diane Lee and Dawn Marie Mattson, Lindenhurst now boasts of 13 sets of twins. Ten sets are girls, two sets are boys and one is a girl and boy. The latest twins are the daughters of Leo and Marilyn Mattson, 6626 Green Briar Lane. Diane Lee, the first born, weighed in at 4 pounds 7 ounces and Dawn Marie, 5 pounds 7 ounces. They were born March 1 at Victory Memorial Hospital.

The Mattsons have a daughter Suzanne who will be 8 in April, and a son, Robert, who will be 7 also in April. **Visitors**

Mr. and Mrs. James Murdock of Chicago and Mrs. Nellie Surface of Niagara, North Dakota were visitors in the Bernau home last week Wednesday evening.

On the southwest corner of Lake and Main stood the old Opera House. Antioch's first bowling alley was in the west corner of the downstairs, with J. Wilton's Tavern on the corner.

Robert Wilton has this early picture of the bowling alley that used to be in the building at 928 Main St., now occupied by the Antioch News. At the left, at the end of

the alleys are Harold Huber and Dewey Brownell. Robert Wilton, Ray Taylor and Ralph Kirnade are the sideline spectators.

DEATH NOTICES

LEO S. KING

Leo S. King, 76 years old of Highway 173 at Lake Catherine, Antioch, passed away suddenly at 11:50 a.m. Friday, March 4, at the Golden Days Nursing Home, Zion.

Mr. King was born May 28, 1889 in Lake Villa and has lived in the area all of his life. He was a retired Firemen's Helper at Great Lakes Naval Station.

Survivors are his wife, Rose; one son, Harold, at home; one brother, Paul King, of Waukegan, and one sister, Nettie Smith of Lake Villa.

Funeral services for Mr. King were held Monday, March 7, at 1:00 p.m. in the Strang Funeral Home, 1055 Main St., Antioch. The Rev. Donald Cobb of the Antioch Methodist Church officiated. Interment was in Sand Lake Cemetery, Grand Ave., near Lake Villa.

HARRY P. WENNERSTROM

Harry P. Wennerstrom, 72 years old of 374 Lake St., Antioch, passed away suddenly at his home March 7, from an apparent heart attack. Mr. Wennerstrom was born June 10, 1893 in Rockford where he spent his boyhood years. He moved to Chicago and Highland Park before moving to Antioch in 1960. He had served in the Army during World War I.

He retired from the Chicago Transit Authority in 1958. He was preceded in death by his wife, Bessie, in 1958.

Survivors are his son, Harry P. Jr., at home and several nieces and nephews.

Funeral services were held Wednesday, March 9, at 10:30 a.m. from the Strang Funeral Home to St. Peter's Church for a 11:00 a.m. Mass. Interment was in St. Joseph's Cemetery at River Grove, Ill.

VIRGINIA E. BERG

Mrs. Virginia E. Berg, 19 years old of Edwards Road in Antioch Township, passed away suddenly on Monday, March 7, at 12:30 p.m. She was born May 15, 1946, at

Owen, Wis., and had resided at Gilman, Wis., before moving to Antioch Township two months ago.

She married Earl F. Berg on May 15, 1965 in Wisconsin. She is survived by her husband, Earl, a machine operator at Abbott Laboratories; her parents, Melvin and Ruth Andersen, Withee, Wis.; two sisters, Kathy Andersen, at home; Mrs. Ruthie Larsen, Owen, Wis.; three brothers, Delmer Andersen, Owen, Wis.; Donald Andersen, Withee, Wis., and Norman Anderson, Withee.

Survivors are two sons, George J. Mazzuca of Antioch and John A. Lombard; four grandchildren, one great-grandchild; three sisters, Mrs. Ann Varchetta of Chicago, Mrs. Mary Bertagna of California, and Mrs. Kathryn Scanlon of Bensenville; one brother, Robert Allegretti of Chicago. She was preceded in death by her husband, Pasquale D. Mazzuca, in 1950; by a son, Richard, and a brother, Daniel.

Funeral services were held in Wisconsin. The Plumboom Funeral Home in St. Peter's Catholic Church in Antioch. Interment was in Mt. Carmel Cemetery at Antioch.

MARY E. LEWIS

Mrs. Mary E. Lewis, 77 years old who formerly lived on Hwy. 59 near Beach Grove Road in Antioch Township, passed away at 9:05 p.m. Monday, March 7, at Hampstead House near Lake Villa where she had resided for several years. She was born June 1, 1888 in Norfolk, Virginia, and had resided in several of the southern states until moving to Chicago. She moved to Antioch 19 years ago.

She married John Lewis June 22, 1940 at Crown Point, Indiana. Mrs. Lewis held membership in the Lakeland Baptist Church at Lake Villa. She was preceded in death by her husband on August 22, 1962. There are no known relatives that survive.

Funeral services will be held at 10 a.m. Thursday from the Strang Funeral Home in Antioch with the Rev. Wilton Anderson of St. Stephen's Lutheran Church in Antioch officiating. Interment will be in Memorial Park Cemetery in Skokie. Friends called at the Funeral Home after 2 p.m. Wednesday.

ROSE MAZZUCA

Mrs. Rose Bazzuca, 71, of Golf View Subdivision, Antioch, died Saturday, March 5, in the Elmhurst Hospital following a two-day illness. Mrs. Mazzuca had lived in

Education In Illinois

Ray Page
Superintendent
of Public Instruction

MATHEMATICS

Mathematics programs in Illinois elementary and secondary schools have been developed to better meet the individual differences of our children. Youngsters with unusually high academic promise are now able to participate in accelerated programs which enable them to compete successfully in our modern technology and colleges.

The Office of the Superintendent of Public Instruction provides consultants to assist the schools in Illinois in these programs. The Illinois Plan for the Improvement of Mathematics, implemented under Title III, National Defense Education Act, has received nationwide recognition for its excellence. For instance many states have duplicated the handbook "Number and Operations" originally written by consultants in the Illinois office.

Consultants have set up over 350 workshops throughout the State in cooperation with NDEA, and scores of other workshops have been developed on the local levels. More than 30,000 teachers have attended these workshops, with enrollment varying from 20 to 175 persons at each workshop. An experimental workshop, conducted simultaneously in four sections of the state, attracted 600 parents and teachers.

Consultants provide many services including help with curriculum problems and a newsletter which keep schools informed with the most modern up-to-date information on methods to improve instruction in mathematics.

Since the teaching of mathematics now rests upon a dynamic rather than a static concept, continuous change is a likely characteristic of the future, and the Office of the Superintendent of Public Instruction will continue to offer leadership in helping schools to interpret and implement desirable changes.

Teacher: Johnny, what are the three great American parties?

Johnny: "Democratic, Republican and cocktail."

Revives Old Memories

An item in "Annie Mae's" column last week brought forth the two pictures that accompany this article.

Annie Mae's comment was in regard to the bowling alley that was located some years ago in the building now occupied by The Antioch News.

Robert Wilton let us use the two pictures here. One shows the interior of 928 Main, when two bowling lanes filled the back room. The front portion contained a barber shop. The senior Mr. Wilton was a barber in the shop at the time the picture was taken, about 1915.

Price of a line of bowling at that time, says Mr. Wilton, was 5¢. There was some league bowling, and in addition to the regular open bowling, patrons often played duck pins. Duck pins were played with smaller balls and pins.

This wasn't the first bowling alley in Antioch, though. The first one was in the old Opera House at the corner of Lake and Main, now the First National Bank. Wilton's Tavern, run by Mr. Wilton's father, occupied the corner, with a dance hall upstairs. In the picture can be seen the newly installed gas street light. Farther back in the picture are the old kerosene street lights, which had to be filled with kerosene every day.

Lake County AARP To Meet

Members of the Lake County Chapter of the American Association of Retired Persons will hold a meeting on Wednesday, March 16, at 1 p.m., at the First Baptist Church, 401 N. Genesee in Waukegan.

Samuel C. Boardman of the AARP Insurance Plan office in Chicago will be the featured speaker at the meeting. He will give a presentation on health insurance, covering the overall insurance program and how it will be affected by Medicare. There will be time for questions and discussion.

All interested persons are cordially invited to attend this meeting.

The President of the Lake County Chapter is George Drysdale, 929 Hickory St., Waukegan.

The American Association of Retired Persons is a non-profit, nonpartisan organization of persons age 55 or older—whether retired or not. It is the cooperative enterprise of more than 850,000 members reflecting to themselves and their fellow retirees dignity, security and purpose.

It's easy to place a classified—just call 395-4111.

Loving Strictness: Happier Children

Washington, D. C.—When parents set clear rules of conduct which they expect their children to obey, and when they enforce these rules with respect and affection, they are likely to rear successful and happy children. This is one conclusion from a seven-year study completed by the National Institute of Mental Health.

The most successful youngsters in school and at play, the study shows, were those with the highest self-esteem. They came from homes with the strictest parents. The parents of these children were likely to feel it more important that their children meet high standards than that they enjoy themselves. They were also apt to regard "achievement" as more important than "sociability."

Strict parents, the study shows, granted their children more responsibility, listened to them more closely, gave them a say in making family plans, knew virtually all their friends, and tolerated sharp disagreements more than permissive parents.

Although the stricter parents did not necessarily spend more time with their children, they were more deeply interested in them and enjoyed being with them.

The firm parents, the study indicates, respect themselves, are independent and less conforming, and are interested in community affairs.

The strict father was usually successful, self-confident and the family disciplinarian. Both parents were direct and realistic and expected and usually got the best out

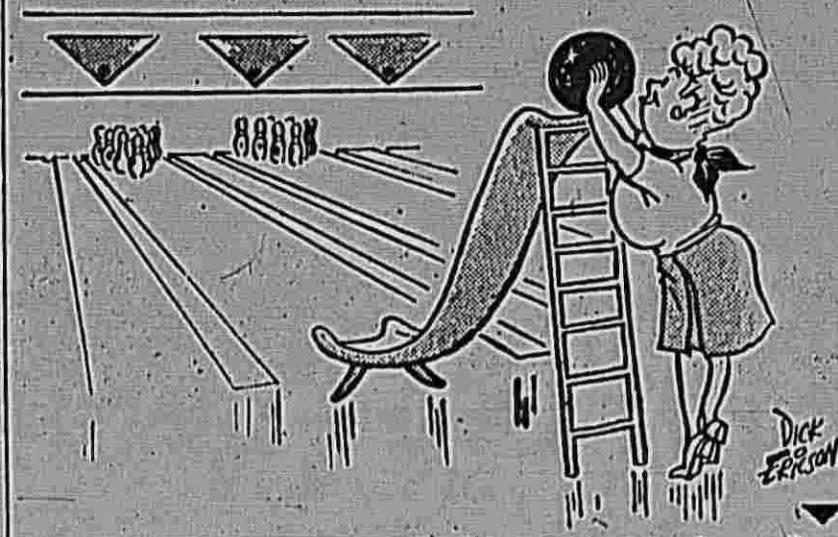

of life. They were able to instill in their children a sense of high self-esteem and the idea that they could and would succeed in life.

Springtime is the time to remember that a medical check-up is first on the list of recommendations for keeping in good health and helping to prevent heart attacks according to the Chicago Heart Association.

FUN and FACTS

About Bowling.....by Dick Ericson

THE SLIDE: Indigenous to the nursery found in the modern bowling center. Illustrated use is frowned upon by most proprietors, and by Junior who is entitled to his fun while Mom is having hers.

THE SLIDE: A slide, just before releasing the ball, is natural and necessary to maintain accuracy and a controlled follow through. If the bowler comes to an abrupt stop, he must let the ball go abruptly.

drawn self-confidence from it. She welcomed child-rearing and did not let it cut her off from her other interests. Such women were satisfied with their marriages, husbands and the way the latter helped to raise the children.

The strict father was usually successful, self-confident and the family disciplinarian. Both parents were direct and realistic and expected and usually got the best out

DISCOVER THE NEW 1966 ELECTRIC RANGES

—the modern way to a cleaner kitchen

SPECIAL BONUS FREE WIRING

IF YOU BUY AN ELECTRIC RANGE NOW

Only Electric Ranges Offer these Exclusive Features

★ Self-Cleaning surface units. No more scrubbing or scouring. ★ Coolers. Kitchens stay about 10 degrees cooler. ★ Self-Cleaning Ovens. No more messy cleaners. No stooping or bending. ★ Instant Radium Heat Broilers. For quicker, juicier steaks. ★ Flameless. Kitchens stay cleaner longer. ★ Pinpoint Temperature Control. For precise cooking temperature every time. ★ Economical. Costs only a few pennies a day.

ELECTRIC KITCHENS ARE CLEANER. Kitchens with modern electric ranges stay cleaner longer, because electric ranges are flameless. Since there is no flame, it is impossible to create the soot that soils kitchen curtains and walls. Kitchens need washing only half as often. And new electric ranges practically clean themselves. Those with self-cleaning ovens remove every trace of grease and grime, automatically.

FREE INSTALLATION OFFER

Now, for a limited time, you can install a new electric range and get the wiring free. You'll save money on the installation and be ready for an air conditioner, clothes dryer, or any other heavy-duty electrical appliance you want to install later on.

The free offer applies to a standard wiring installation for a new electric range in any single-family dwelling served by Commonwealth Edison Company. This limited time offer also applies to the installation of electric ranges in 2- and 3-apartment buildings.

SEE YOUR DEALER FOR DETAILS

SATISFACTION GUARANTEED

If within 60 days you are not entirely satisfied with your new electric range, Commonwealth Edison guarantees that your entire purchase price will be fully refunded.

Fontainebleau, France, (Special) These five members of the Det 2, 1151 Special Activities Squadron basketball team helped put together a 15 win 2 loss record which won them runner-up in the Intramural Basketball League. They are from left to right: John C. Christian, Paul A. Magiera, Bruce Martin, Frank D. Minerich and James O. Martin.

17-3 Record For Frosh Cage Team

Antioch's Freshman basketball team ended one of the most successful seasons in the past few years recently with a record of 17 wins and three losses. The Sequoits were unofficial winners of the Northwest Suburban Conference.

Their only conference loss was a 53-51 defeat at the hands of Round Lake the first game of the season. The Sequoits later avenged this loss with a 55-51 overtime victory over the same Panthers.

The other two losses came at the hands of Zion Benton. The Sequoits were drubbed 49-32 the first time the two teams met but came back to come within two points in

Soph Cagers 3rd In Tourney

Antioch Sophomore basketball team wrapped up their season Tuesday night with a 59-51 win over Maine South in the Mundelein Sophomore Basketball Tourney at Mundelein. The win boosted the Antioch quint's season record to 17-4 and gave them third place in the tourney.

The Sequoits, led by Tony Barnett and Bruce Empfield, opened their tournament competition Saturday afternoon with a 69-65 win over McHenry. Barnett and Empfield scored 23 and 17 points respectively.

Empfield led the Sequoits in rebounding with 13 and was aided in this department by Bill Smith who collected 9.

Monday afternoon the Sequoits lost for the third time this season to Lake Forest 60-50. Lake Forest has accounted for three of the Sequoits' four losses this year.

Antioch took a four-point lead going into the last half but foul trouble plagued the Sequoits as Empfield, Joel Strahan and Bill Smith were all whistled out via the foul route.

Steve Miklautsch led the Sequoits in scoring with 15 points and Bill Smith was praised for his work on the

No Extra Permits

Deer permits will not be issued at the Jo Daviess, Carroll, Pope, Hardin and Union County check stations during the 1966 hunting season, according to the Illinois Department of Conservation.

William T. Lodge, department director, said that in order to cut down an over-population of whitetails in these counties, additional permits were issued in the past as successful hunters checked in their deer. The population has been reduced to a level where it no longer needs extra heavy hunting to control it.

The total number of permits issued in each county open to deer hunting will not be decreased because investigations have shown that quotas can be raised in counties where the hunter success is as high as it is in Jo Daviess, Carroll, Pope, Hardin and Union Counties.

overtime the last game of the season, losing to the Zee-Bees 49-47.

The Antioch quint rolled up 1181 points for the season while holding their opponents to 823. They posted a 59 point average per game for the season.

Dave Camp was the team's leading scorer with 365 points on 160 field goals and 45 free throws. Steve Owens followed with 217. Other top scorers were Greg Wellen, 157, Rodney Boswell, 134 and Jerry Martin, 134.

Other Sequoits who saw action this season were Jim Carlson, Jim Effinger, Fred Fettlinger, Emery Holway, Fred Koch and Ralph Zanck.

boards in collecting 22 rebounds.

Monday evening the Sequoits bounded back with a 59-51 win over second seeded Maine South to take third place in the tourney. Balanced scoring was a big factor in the Sequoit win with Strahan, Al Alexander and Miklautsch all hitting in double figures. They scored 14, 11 and 10 points respectively.

Antioch led 49-30 late in the third period but then hit a cold spell, missing five one-and-one attempts from the free throw line. The Sequoits managed only 10 points for the final stanza while Maine South was putting on a 21 point burst. Their earlier margin proved too much, however, and they hung on for the win.

"The boys played real well through the whole tourney," Coach Bob Yonke said. "Except for that one bad quarter against Lake Forest we might have won it. It's been an enjoyable season and I have been proud to work with these boys."

Track Squad Short On Seniors

Coach Roger Andrews had hardly finished folding up basketball uniforms when he had to preside over the first track meeting of the season. "Sixty-five boys turned out for the first session March 4th," Andrews said.

"There won't be many seniors this year but we have some promising juniors and we could be tough again. I don't look for another year like last season but we could repeat as conference champions."

"Some of the boys are working out already," Andrews said, "getting ready for the Oak Park indoor meet March 26th. The bulk of the squad will not report for practice until March 14th," he added.

There is no cure for the common cold, but there are sensible precautions to observe and there are ways to alleviate distress. Bed rest is desirable; if there is a fever, it's a must. In any case, plenty of rest will help.

Big Game of Season At AGS

The big evening of the basketball season is coming up Thursday, March 10, at the Antioch Grade School gym:

Starting at 7 p.m. the 6th grade of Oakland School will compete against the Antioch Grade School 6th grade. As a special added attraction,

the faculty of both schools will tangle with a team of 8th grade boys from Oakland and Antioch Grade Schools.

The roster of faculty players include "Corky" Cotttingham, "Sly" Scott, "Lunch Sheet" Soderman, "Hippy" Houghton, "Robus" Rose, "Heady" Hunsaker, "Andy" Andreas, "Leaping" Volk, "Wayward" Ware, "Blowy" Barlow (referee), "Muddy" Mieure (referee), "Clipper" Schippmann (ticket taker), "Noisy" Dalgaard, (ticket taker), "Dr. Patch 'em" Harmon, (doctor), and "Poppy Corn" Becker.

Sixth, seventh and eighth grade cheerleaders will urge their favorites on to victory and refreshments will be served in the cafeteria.

The game will benefit the Antioch and Oakland Schools' Athletic Fund.

First Meeting of Antioch Little League

The Antioch Little League will hold its first meeting of the 1966 season Monday, March 14, starting at 7:30 p.m. downstairs at the Antioch Fire Station.

News of Lakes Sports

THURSDAY, MARCH 10, 1966 THE ANTIOCH NEWS 7

3-Prize Shoot Big Drawing Card

A record crowd of shooters turned out to take part in the McHenry Sportsmen's last bird shoot on the club grounds on the west shore of Platte Bay.

President Joe Lally's innovation, a 3-prize shoot, where by it was possible for each 5 man squad to produce 3 winners, was the magnet that attracted smooth-bore gunners from five counties in northern Illinois and three counties in southeastern Wisconsin.

At one time as many as 12 squads were waiting to take their turn at the firing line, but with all the traps manned and functioning, there were no long waits.

Everything edible and useful was carried off by the happy winners as they kept up the barrage. Every duck, chicken, cornish hen and steak was carted off and all the loading components were grabbed up. Club officials sent out a rush call for additional supplies, and they arrived in time to save the day.

Because this type of shoot proved to be so popular, it will be repeated at the Sunday, March 13th shoot.

Leading the list of contests will be the 3-prize shoots, as well as the perennial favorites which include Jack Rabbit, Annie Oakley, White Bird and 10 and 25 bird practice rounds.

Prizes for winning shooters include ducks, chickens, rock cornish hens, steaks, bacon and loading components.

Sheppard 2nd At Jr. College Meet

Ray Sheppard, former Antioch High School student, placed second in the 145 lb. weight class of the National Junior College Wrestling meet this past weekend held at Worthington, Minn.

Sheppard beat Jack Radabaugh of Rochester for the runner-up spot. Ray was a top wrestler when he attended Antioch High and culminated a three year career by qualifying for the State Championships at Champaign in 1964; his senior year. He wrestled in the 112 pound class while at Antioch.

Shooting starts at 11 a.m. and will continue until all who want to shoot have had their turn at the firing line. Hot refreshments and ammunition will be on tap all day in the heated club house.

The McHenry Sportsmen's monthly meeting will be held Monday, March 14, at 6:30 p.m. in the club house. Members will shoot before the meeting and view a film by the Browning Arms Company, detailing all of the steps required in the manufacture of fine shooting arms afterwards.

Visitors who are interested are invited to attend. A light supper will be served after the business meeting.

Men's Singles Enters Final Weekend

The Antioch Singles Bowling tourney of 1966 will end at midnight Saturday, March 12. As of the time this paper went to press, Jack Dalton of Milwaukee was still leading the competition with his scratch 757. Dalton had to bowl scratch because he had not established average.

Second high series was posted by L.D. Nygren of Milwaukee, a 728 series. Third place is held by Ken Chillo of Wooddale with a 710.

The Antioch Bowl was a busy place again last weekend, as squad after squad tried to beat the leaders in the tourney. Jack Sampayo, Antioch Bowl proprietor, is expecting a big play in the tourney throughout Saturday, the last day of the match.

First prize in the tournament is \$500 and a trophy. Bowlers roll three games across six alleys. It's a 200 scratch, two-thirds handicap tournament with an 80-pin limit on the handicap. The 5-pin drop rule is enforced.

Vacations are for fun and games, but reckless playing, like reckless driving, can have tragic consequences, especially for the middle-aged "summer athlete." Know your own limits, and quit when you've had enough.

First 'Sweet Sixteen' Tourney Held In 1908

The Illinois State High School Basketball Tournament seems headed for another banner year in both attendance and gate receipts this month at Champaign, and the man responsible for it all was a former Carthage College coach, Lewis Omer, who died at the age of 78 on Jan. 3, 1954 in Carthage, Ill.

Omer, whose wife Edith still lives in Carthage, started the Illinois State Cage Classic at the Oak Park YMCA in 1908. He invited 13 outstanding teams to the baptismal state meet — 12 of which accepted the invitation.

Omer, who lived to see 33 state tournaments, conceived the plan for a state meet with the idea of raising enough money from admissions to finance a state high school athletic association. He also wanted to develop uniform rules of eligibility and to control prep athletics instead of letting athletics control the schools.

One of the men who pitched in with Omer to sell the idea for what is today's fabulous 'Sweet Sixteen' classic in

Illinois was the late H. E. Brown, formerly a principal at Rock Island High School and later an administrator at New Trier.

They journeyed down to Springfield in 1907 just prior to Christmas and submitted the plan to the athletic committee that dealt with the high schools in Illinois.

There was the usual inertia.

Omer was quoted as saying, "With the chronic ob-

jectors appearing as they al-

ways do when one brings up

a new idea, Brown's enthu-

siasm and my plan finally got

them to the point where they

gave us permission to try the

experiment at Oak Park," he

added.

Omer even guaranteed the expenses of the teams for the initial state meet in 1908 — a maneuver that removed final objections from the minds of the committee.

Just how far the state meet has blossomed in 53 years is apparent from attendance and ticket receipts listed by the Illinois High School Assn. for 1965 basketball tourney play (districts, regionals, sec-

tionals and state finals). The total attendance for 128 tournament centers was 765,544 — only 11,501 less than the record attendance of 777,045 set in 1964. Gross receipts amounted to \$748,263.45.

Peoria High clipped Rock Island, 48-29, to capture the initial state championship. The following year, Omer asked the IHSA to take over the tournament, which was held at the YMCA in Bloomington. The state meet site kept shifting to Peoria, Decatur, and Springfield before it finally settled at the University of Illinois campus in 1919. It has remained there ever since.

Omer was coaching and teaching at Oak Park High School when he dreamed up the state tourney idea. A graduate of the University of Illinois, he later taught at Thornton High School in Harvey, and then was hired as head track coach at Northwestern University, Evanston, in 1910. He was promoted to athletic director there three years later. After a stint in the army where he rose to the rank of captain, Omer was hired as athletic director at Carthage College at its old campus in Carthage, Ill., during 1921. (The Illinois campus was elos-

ed in June of 1904 and all programs consolidated at Carthage's new campus in Kenosha, Wis. The old campus is now a thriving junior college.)

Omer, who was born on a farm near Clayton, Ill., Adams County, gave up all coaching duties at Carthage in 1935 after his protege, Herbert "Hut" Wagner, was appointed athletic director. Omer stayed on as a teacher until he retired in 1941.

Your Social Security

The following questions were asked the most frequently during the last few weeks by residents of the Lake-McHenry County area.

Question: I will be 65 in September 1966 and plan to retire then. I have heard that I should apply about three months before age 65. Is there any advantage to my doing this?

Answer: There are several advantages. First of all, by filing early, your claim will be completed sooner—your first check should be received on time. Secondly, if you wait until the month you are 65, complete coverage under Medicare will not be effective until October, 1966.

Lastly, filing after September, 1966 would delay your Medicare coverage even later.

Question: I will be 65 in April, 1966. I have read that I should sign up for Medicare now. Why should I sign up at this time and have to pay the premium sooner?

Answer: The \$3.00 per month you pay for the plan covering physicians' costs will not be deducted until July, 1966. This is true regardless of when you file; therefore, there is no reason for you to delay completing an application.

Question: What if I earn \$5,000 as an employee but retire on June 30, 1966?

Answer: Although your earnings are considerably over the \$1500 limit for the year, you can still receive benefits for any month you earn \$125 or less. You will receive checks for July through December. Failure to understand or to be aware of the answer to this question has caused some people in the Lake-McHenry area to actually lose benefits ranging from \$44 to over \$200 per month.

Question: I am a self-employed person with earnings from my business exceeding \$10,000 per year. If I go on vacation for several months, could I receive social security benefits?

Answer: If you do not render "substantial services" in your business during your vacation you may be eligible for benefits. Whether or not you perform services would be determined by the amount of time you devote to your business, kind of services rendered, how these services compare to those of the past and any other considerations related to your particular business. Generally, services of 45 hours or less per

month are not considered substantial. You will note that the \$125 per month rule does not apply to self-employed individuals. We suggest that you discuss your particular situation with a Social Security representative in order to prevent any possible loss of monthly checks.

Question: I am 65 but have never worked under Social Security. Am I eligible for health insurance?

Answer: Definitely, but you should get in touch with your local office as soon as possible. A delay could result in lost insurance protection.

Anyone having questions regarding their rights under Social Security should contact their local office. In addition to regular hours, during the months of February and March, the Waukegan office will also be open on Monday evenings until 9:00 p.m. and Saturdays until noon. Also, unlike most Federal Agencies, the office remained open from 8:45 a.m. to 4:45 p.m. on Feb. 22, which is normally a holiday. The Waukegan office is located at 2500 Grand Ave. or telephone 244-5050.

Cats and dogs, and kittens and puppies, too, should be taken to a veterinarian for a checkup before they join the family. The cuddliest ball of fur may conceal ringworm, a highly communicable infection that causes a skin disease in human beings.

Even purebred cats and dogs may carry the disease, which can be picked up in pet shops or breeding establishments. Strays, of course, are often carriers.

If a beloved pet does develop ringworm, it can't be cured of the disease if taken to a vet for proper treatment. Since hairs that are shed can cause trouble, thorough vacuuming of floors, rugs and upholstered furniture is recommended.

Note: If a family member develops ring-shaped, scaly pigmented patches on the skin, a visit to the doctor is in order. Ringworm is curable, if treated properly.

H.S. Students Excel In Current News

Lucien McLean, Social Studies teacher at Antioch High School, was recently notified that Terrence Witkowski has been named the local winner in TIME's Current Affairs Contest. Runners up to Terrence were Cheryl Bothfield and Thomas Homan.

Specially engraved certificates of excellence were presented to these students during their regular 5th hour by Superintendent Albert L. Dittman.

TIME's Current Affairs Test, given this year to more than one million college and high school students in the U.S. and Canada, consists of 100 questions on national and foreign affairs. Also included are such categories as business, sports, entertainment, literature and the arts.

The test, created for the TIME Education Program—an exclusive classroom service of TIME magazine—has been taken by nearly 9,000,000 students since its inception 30 years ago.

Top scorers in each of the more than 5,000 classes enrolled in the TIME Education Program receive a certificate from Bernard M. Auer, Publisher of TIME, the Weekly Newsmagazine.

the actual job of collection and distribution is a function of the trustee.

In turn, any creditor has the right to question the debtor if he is not convinced that all assets have been filed with the court.

The businessman or other citizen who decides to file voluntary bankruptcy may do so by preparing a list of all known assets, debts, and creditors. He must then file this list in court. The clerk of the court will send notices of the petition to all creditors and a day will be set for the first meeting of all involved.

A person will be appointed by the court to act as "trustee" in the bankruptcy proceeding. His duties will be to collect and distribute all assets of the debtor. Each creditor is then asked to file a written statement of claims against the debtor, and a referee, appointed by the court, hears the evidence as to the validity of any claim disputed by the trustee. The referee supervises the task of collection and distribution of the bankrupt's estate, while

"Look All Ways Before Crossing" is the theme of the March safety poster sent out by the Chicago Motor Club to more than 45,000 grade school classrooms in Illinois and Indiana. Pedestrians must always remember that even a green light or a walk signal at an intersection is not a license to walk without caution. Cross traffic has been signaled to stop when you see a green light; but sometimes a motorist will fail to see the red light facing him, or will be unable to stop in time, or will even choose to ignore it. Left turns and right turns may also be permitted on a green light, and all of these possibilities offer hazards to the pedestrian. A good measure of caution—a quick and sure glance in every direction—undoubtedly will save life or limb for you some day. This is a good safety message for both children and adults, and especially for those in the younger and the older age groups, where pedestrian accidents are considerably more frequent.

Choose Tax Form Best For You

These hints to help taxpayers select the Federal income tax form that best suits their needs were given to day to Illinois taxpayers by District Director of Internal Revenue E. C. Coyle, Jr.

Form 1040A—This is the simplest form if you are eligible to use it. One of its special features is that if your income was less than \$5,000, the Revenue Service will figure the tax for you.

Generally, you may use this form if:

1. Your gross income was less than \$10,000 and

2. It consisted of wages reported on withholding tax statements (Form W-2) and not more than a total \$200 of other wages, interest and dividends.

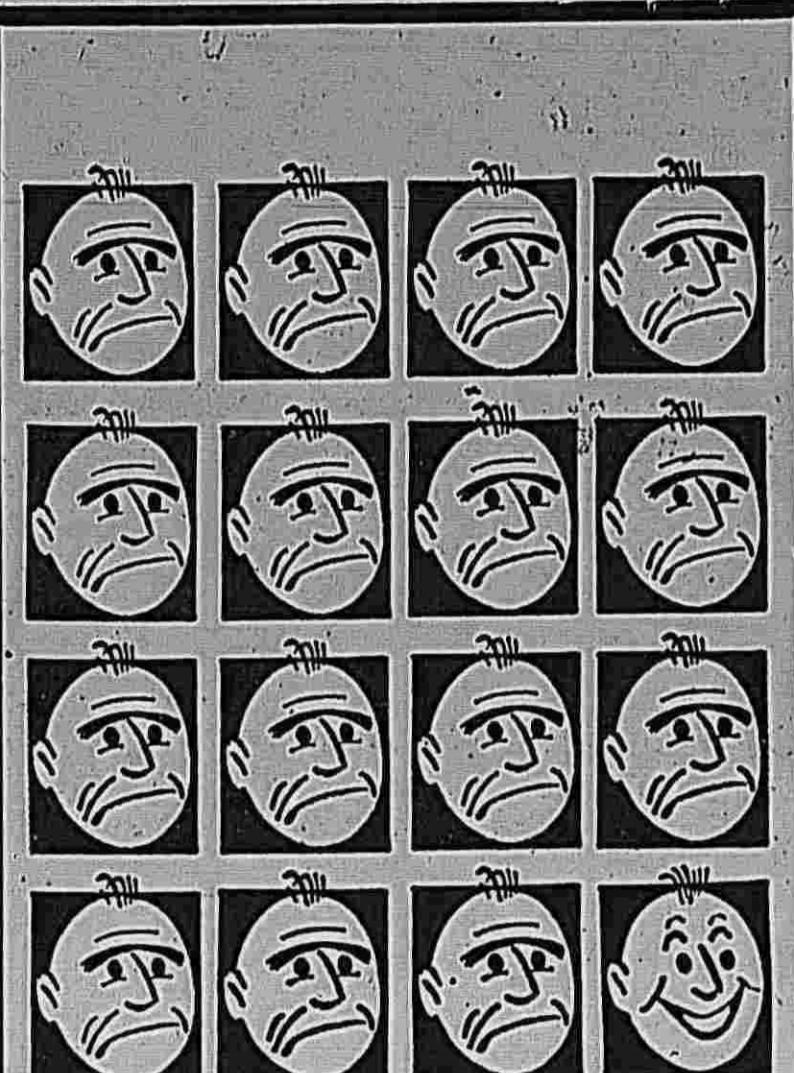

If you itemize your deductions you must use Form 1040. This is the regular two page form which may be used by any individual regardless of the source or amount of income.

HOSPITAL NOTES

Mrs. Oliver Hunt, 813 Hillside Ave., Antioch, entered Victory Memorial Hospital Thursday, March 3, for surgery.

THE ANTOCH NEWS 10 THURSDAY, MARCH 10, 1966

A woman never admits she has lost an argument—she just thinks she has failed to make her position clear.

Can you spot the man who financed his home with our help?

Forget that Gas heat is cheaper.

Northern Illinois Gas lowered gas rates again March 1st. This means gas heat, always a good buy, is a bigger bargain than ever. It means tidy savings annually to customers.

Preferred for economy, preferred for comfort, gas makes the big difference. In fact, gas heat is the choice for 99 out of

100 new homes in the area we serve. If you don't have gas heat yet, make the switch now... before you miss any more savings. It takes less than a day. We'll help you finance the conversion if you like. See your heating contractor first chance you get.

Forget that gas is cheaper... remember that gas is modern.
